

NAVIGATION ADVISORY NOTICE

RIVER GREAT OUSE

REF: EAN035

DATE: 27 March 2025 – Until rescinded

LOCATION: St Ives Lock
W3W///Occupy.Shrunk.Cherished

DETAILS:

Issue: St Ives lock is open

Impact on navigation area: Not applicable.

Report: St Ives Lock is now open. We have completed work to address some of the identified issues, but the remaining work will take time to implement fully, as we must ensure all necessary steps are carefully carried out. In the meantime, temporary measures have been put in place to allow the lock to reopen.

We will be monitoring the lock's operation closely to ensure it remains within the defined parameters. We are planning further work to address the remaining issues and will need to close the lock for approximately one week to dewater and complete repairs. This closure is likely to take place in **June/July**. Additional details will be provided as we prepare for this work.

Action: Please follow the usual lock instructions. If you experience a problem with standard operation, please call our team on 03708 506 506

Please see our website for the latest updates

For further information, please contact the Environment Agency on 03708 506506 between 9am and 5pm Monday to Friday and ask for the Great Ouse Waterways team.

Katherine Briscoombe
Waterways Manager
10 March 2025

Anglian Waterways does not provide rescue services. If the matter pertains to lock operation, obstructions in channel, safety issues or speeding please contact us first. In the event of an emergency or distress please contact the emergency services in the first instance. Call 999 and advise what the emergency is.
